

R-415

**RESOLUTION** \_\_-\_\_  
**APPANOOSE COUNTY ADOPT-A-GRAVEL-ROAD**

**WHEREAS**, the Appanoose County Secondary Road Department provides varying levels of maintenance to roads under its jurisdiction, depending on the level of service classification for each road, and

**WHEREAS**, the Iowa Code restricts the amount of tax dollars that can be levied on a property for secondary roads and the Appanoose County Secondary Road Department has limited funding available for general road maintenance on each road, and

**WHEREAS**, County Landowners wish to contribute additional dollars to the Appanoose County Secondary Road Department for road maintenance activities, particularly granular surfacing material, on roads selected by the Landowner.

**IT IS THEREFORE RESOLVED** that the Appanoose County Board of Supervisors hereby delegates to the Appanoose County Engineer the authority to grant permits allowing County Landowners to place additional granular surfacing material on County Roads at the direction of the County Engineer. The Board further directs the Engineer to coordinate with the Landowner the timing of the placement and billing of the granular material for the road(s) selected by the Landowner at the location and application rate approved by the engineer.

**BE IT FURTHER RESOLVED** that the Board allows signs to be placed at either end of the road being rocked by the Landowner recognizing them for the donation of rock. The signs will be ordered and placed at the request of the Landowner.

Adopted this 17 day of August, 2015

Appanoose County Board of Supervisors
