County Engineer, Brad Skinner, provided an update to the board. Work on the 110th box culvert begins today. New paving on T20 will begin Wednesday or Thursday of this week. Shouldering for T20 will be later in the month. They are working on public outreach for the road re-shaping on 200th. Railroad flat cars will be delivered this week for the bridge project on 550th. Rain slightly impacted work on the 150th Street Bridge. They spent 91.3% of their FY21 budgeted funds. This was due to projects being done in-house instead of contracted out and some projects being moved to the next fiscal year.
