To Whom it May Concern:

South Central Iowa Community Action Program (SCICAP) provides a variety of programs to assist families with different needs. We work with families to help them overcome everyday problems with food, housing, money management, education, and employment, so that they may achieve self-sufficiency. One such program is the NEST program. NEST's mission and belief is that every child, beginning at birth, will be healthy and successfully reach their full potential. NEST believes that prenatal care and early childhood education are the most important factors in ensuring healthy children and families.

Appanoose County NEST was previously under the umbrella of the Monroe County Extension office. Beginning in July 2022, SCICAP will house NEST for Appanoose County and hold the contracts with the three grantors/contractors to operate NEST. We have reached out to the Appanoose County Public Health office and spoken with Kris Laurson about renting a space from Public Health. The current Appanoose County NEST Coordinator, Nancy Kincaid, has toured the space that we are interested in and spoken more at length with Kris about the process. I have also had communication with Kris, and it is my understanding that we (SCICAP) should propose a price for rental fees and utilities, and that the Board of Supervisors will review the proposal.

SCICAP would like to propose \$200/month for rent of the office space and use of the meeting/conference room at the Appanoose County Public Health office. Utilities would be an additional amount, but we are unsure what the utilities would cost in the space. The Appanoose County NEST Coordinator is a part-time employee, working approximately 20 hours/weekly.

I have attached a copy of SCICAP's Insurance Policy for your review as well.

Please advise at your convenience, if this proposal is acceptable, and what the timeline may be to move forth.

Thank you for your time and consideration.
