#### ESTABLISHING NEW FUND-LOCAL GOVERNMENT OPIOID ABATEMENT FUND

WHEREAS, the Board of Supervisors of Appanoose County entered into a Memorandum of Understanding with the State of Iowa dated 12/20/2021 regarding the allocation of opioid settlement funds:

WHEREAS, negotiations with the defendants resulted in nationwide settlements with state and local governments requiring every participating government entity who receives a direct distribution to establish a separate fund on its financial books to record receipts and expenditures whereby said funds shall not be comingled with other funds of the participating local government and expenditures be directed solely for opioid addition prevention and treatment activities carried out under the Distributor Master Settlement Agreement and J&J Master Settlement Agreement;

THEREFORE, BE IT RESOLVED that the Board of Supervisors hereby authorizes to establish a Special Revenue Fund, now known as Fund 18000 Local Government Opioid Abatement Fund, effective upon the date of passage of this resolution.

BE IT FURTHER RESOLVED that the county shall oversee the operations of the fund established and ensure assets, liabilities, fund balances, revenues and expenditures are accounted for per all settlement agreements.

Adopted this 15<sup>th</sup> day of August, 2022.

/s/Linda Demry, Chair, Appanoose County Board of Supervisors

ATTEST: /s/ Kelly Howard, Auditor

TEMPORARY ROAD CLOSURE & DETOUR

APPANOOSE COUNTY RESOLUTION No. 2022-18

Detour for Highway S-70 as a part of IA 2 Bridge Repair

WHEREAS: The Board of Supervisors is empowered under authority of lowa Code Section 306.4

2021 Code of Iowa to operate and manage the Secondary Road System; and

WHEREAS: The bridge repairs on lowa Highway 2 east of 135<sup>th</sup> Avenue by the lowa Department of Transportation will necessitate the closure of the intersection with 135<sup>th</sup> Avenue (County FM Highway S-70) and take more than 48 hours to complete, and lowa Code Chapter 306.41 requires that a numbered road have an authorized detour if closed for more than 48 hours; and

WHEREAS: The County Engineer recommends closure of the following Road:

County Highway S-70 from 510<sup>th</sup> Street 0.2 miles North to Iowa Highway 2.

WHEREAS: The County Engineer recommends that the Official Detour be as follows:

From the intersection of Highway S-70 and 510<sup>th</sup> Street, thence westerly 2 miles to 127<sup>th</sup> Avenue, thence North approximately 500 ft to Iowa Highway 2, thence continuing north on Highway S-70.

NOW THEREFORE, BE IT RESOLVED: That we, the Board of Supervisors of Appanoose County do hereby declare the above described section of Highway S-70 temporarily closed upon initiation of improvements and the described detour established. The County Engineer is further directed to have the appropriate signs placed so to indicate, and that the said closure and detour shall remain in effect until the aforementioned improvements and review by the County Engineer accepting the work is completed.

Passed and Adopted this 15st day of August, 2022

/s/Linda Demry, Chairman Board of Supervisors Appanoose County, Iowa

ATTEST: /s/Kelly Howard, Appanoose County Auditor

Skinner, provided an update to the board. The excavator was delivered on Friday. Because there was no trade-in value they're keeping it. The bridge replacement on 614<sup>th</sup> is getting backfilled today. They've received word from CAT that graders have a 12 month lag. 470<sup>th</sup> east of Hwy 5 is getting reshaped today. The second application of dust control was put down last week. They are working on getting a right-of-way for the 135<sup>th</sup> St bridge replacement which should let in November or December. The asphalt/repaving projects will let in November.

McGill motioned to open the public hearing for Ordinance ZOMA 0614-02 at 9:16 A.M. Seconded by Kulmatycki. All voted aye. The Auditor read Ordinance ZOMA 0614-02. There were no public comments. Kulmatycki motioned to close the public hearing at 9:18 A.M. Seconded by McGill. All voted aye. McGill motioned to approve the first reading of Ordinance ZOMA 0614-02. Seconded by Kulmatycki. All voted aye. McGill motioned to waive the second and third readings of Ordinance ZOMA 0614-02. Seconded by Kulmatycki. All voted aye.

Roger Dyke spoke about the used rock truck and recommended purchasing it after a positive inspection. Kulmatycki motioned to approve the purchase after a positive inspection. Seconded by McGill. All voted aye.

Skinner's report continued. There are two smaller bridge replacements left this year. McGill requested they look at the windrow on 493<sup>rd</sup> St.

Public Comments: Tammy Wheeler from Farmer's Mutual stated there will be a preconstruction meeting 8/23 at 10:30 A.M. and they plan on breaking ground on 8/29.

Kulmatycki motioned to adjourn. Seconded by McGill. All voted aye.

## Appanoose County Conservation Board Year-End Report FY 21/22

Our Mission: "To create a balance between man and his environment by educating, providing and protecting the natural resources of Appanoose County"

#### **ACCB Staff**

- Joe Burg, Director
- Hannah Wiltamuth, Naturalist
- Austin Hoffman, Conservation Technician
- Don Stevens, Seasonal
- Vic Senter, Seasonal

#### FY 21/22 Board Members

- Randy McPherren, Chairman
- Lisa Carter (July April)
- Art Kirchoff (July December)
- Bruce Ellison (March present)
- · Pam Messersmith
- Mark McGill
- Debbie Dell (May present)

The Appanoose County Conservation Board, in accordance with its bylaws, is to release a yearly summary of all of its activities. Though this report may not include everything that has happened over the year, we wish to let the public know what activities and projects the ACCB has been working on, as well as give a report of how money was spent and revenues that were brought in.

The ACCB is responsible for three separate areas. First is Sharon Bluffs State Park, where the Nature Center is located. Second is the Ross Wildlife Area, located south of Cincinnati off of 183<sup>rd</sup> Ave. Third, there is Lelah Bradley Park and Fenton Wildlife Area, located on the southwest side of Centerville.

Joe Burg was the Conservation Director through fiscal year 22. In addition to the Conservation Director, there is a full-time Conservation Technician, a seasonal Park Technician, and a full-time Naturalist. The Conservation Director is responsible for day-to-day operations, communicating with the Appanoose County Conservation Board and Board of Supervisors, planning and management of the annual budget, developing the strategic plan for all ACCB areas, applying for grants, and overseeing staff. The permanent and seasonal technicians are responsible for operation and maintenance of the department areas and facilities. This includes, but is not limited to, mowing, trimming, trash pick-up, facility maintenance, equipment maintenance, brush clearing, fence repair, planting of food plots and other forages, tree removal, snow removal, trail maintenance, checking in campers, and other needs as arise. They are also part of the planning, development, and implementation of projects. The naturalist is responsible for the education department of the ACCB. She provides educational programming to the public through summer camps, field trips, nature center tours, special events, other public programs, and the ACCB Facebook page. The naturalist also assists with administrative and maintenance duties as needed.

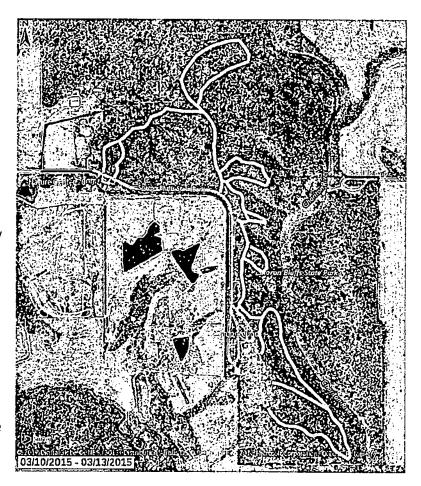

#### **Sharon Bluffs State Park**

Sharon Bluffs State Park a 140-acre area and is located east of Centerville on the Chariton River. The park includes a campground with six sites, a shelter house, two pit restrooms, a shop/work area, wildlife exhibits and a nature center. It also includes about 3 miles of soft surface trails and a boat ramp access to the Chariton River. The Nature Center at Sharon Bluffs is located just inside the park boundary. It exhibits both live and taxidermy mounts of lowa species.

## Improvements at Sharon Bluffs State Park

#### Residence Improvements

The residence at Sharon Bluffs received a few improvements in FY22. The deck was resurfaced and new railings were added. The basement wall was reinforced to prevent more movement of the walls.

#### Nature Center Improvements

In FY22 we completed the prairie exhibit which gives a view of prairie animals in their habitat. It includes taxidermy birds, mammals, dried insects, reptile replicas, preserved grasses and flowers, and a live turtle, with a prairie view backdrop.

#### Ross Wildlife Area

The Ross Wildlife Area is 430 acres of public hunting and is located south of Cincinnati on the Iowa Missouri Line. The area includes wildlife habitat, parking areas, mowed walking trails, and two ponds stocked with fish. The entire area is open to public hunting, fishing, hiking, birdwatching and many other outdoor recreational activities.

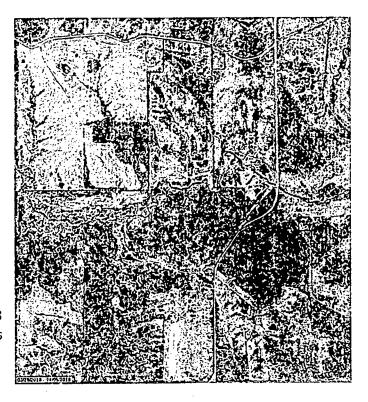

#### Improvements at Ross Wildlife Area

#### • Habitat improvement

Brush and invasive species were removed.

#### • Installation of Food Plots

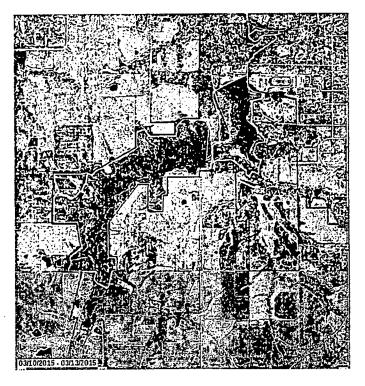

Food plots had been found in the area before to provide food sources to local wildlife. In FY22, about 8 acres of soybeans, 2 acres of wheat, 1 acre of radishes and turnips, and sunflowers were planted. Sunflower seed and fertilizer was provided by Pheasants Forever, soybean seeds were donated.

#### Lelah Bradley Park and Fenton Wildlife Area

Lelah Bradley Park, frequently referred to as the "Centerville Reservoir," is a large park that spans from Elm Street in Centerville to Highway J 46. The Park includes camping, cabins, trails, three shelter houses, two boat ramps, and a modern shower building. Recreational opportunities include, hunting, fishing, biking, hiking, camping, birdwatching, and more. Lelah Bradley has land that is owned by the City of Centerville, the City of Centerville Waterworks Department, Appanoose County, and The Appanoose County Conservation Board.

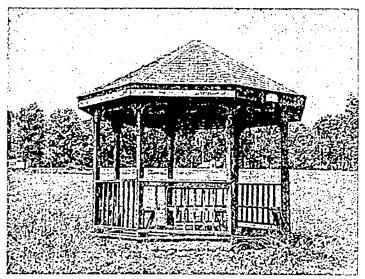

South of Lelah Bradley's lower reservoir is Fenton Wildlife Area. This is an 80 acre public hunting area with food plots, wetland, walking trails, and native habitat.

#### Improvements at Lelah Bradley Park and Fenton Wildlife Area

#### • Educational Prairie Plot

Adjacent to the shelter and campgrounds is a gently sloping area approximately 2 acres in size. We are in the process of turning this back to native prairie with a gathering area for programs. In July 2021, a gazebo was added as a place for people to enjoy programs or view the prairie. In the fall of 2021, the area was dormant seeded. Throughout the next 1-3 years, the area will be mowed at 8-12".

#### Brush Removal

Many areas of Lelah Bradley and Fenton have been consumed by invasive species. One of the large ongoing projects is to remove and control these species. This has been worked on with a variety of methods. Additionally, several mature trees within Lelah Bradley were becoming degraded. Throughout the year, trees that were deemed unsafe or dead have been taken down and removed to make the areas safer for users, and to prevent damage to the facilities such as the shelters.

#### Shower Building

The doors and shower benches at the Lelah Bradley shower building were beginning to rust. To correct this, the doors and benches were removed and powder coated to give a better, safer appearance.

#### Naturalist programs and communications

Naturalist programming was offered throughout the 21/22 fiscal year. Programs included public programs, special events, school outreaches, private programs, and summer camps. In total, 184 programs were offered with a total attendance of 4,544 people. The Nature Center at Sharon Bluffs had a total attendance of 672. Overall Naturalist program impact was 5,216 people.

Some of the larger programs are possible due to collaboration with other organizations in the community. In FY22, we worked with the Iowa DNR, Rathbun Area Solid Waste, Ed Cox, Wayne County Conservation, Wapello County Conservation, and Centerville Young Professionals.

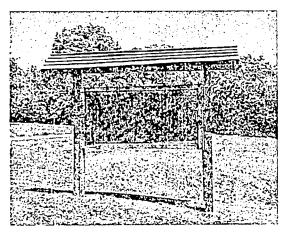

Programs are currently advertised on our Facebook page, local newspapers, and on our park kiosks. Certain special events and camps have fliers put around town or handed out to students at school.

The ACCB Facebook page, created in 2016, continues to be updated regularly with programs and general information. Currently, the Facebook Page has 741 likes and 833 followers. The page also gives another avenue for the public to reach out, since they can send messages to the ACCB staff and also find our contact information.

#### **Volunteer Projects**

Volunteers have been a great resource to accomplish projects and assist with programs. Volunteer hours in FY22 consisted of 45 hours of community service, 8 hours of national honor society, 77 hours of youth volunteers for summer day camp, 44 hours of DNR and conservation volunteers for a field trip, and 3 hours from a dozen people with the Bridge Church to help beautify Lelah Bradley. Outside of program help, volunteers helped with cleaning the nature center, clearing the flower beds at the nature center, organizing files, assist with construction of the residence's deck, brush removal, sanding picnic tables in preparation of being painted, spreading sand at the

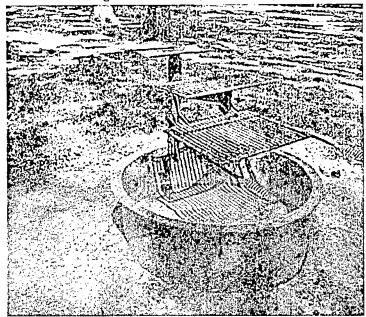

Lelah Bradley playground, and painting and staining buildings at Lelah Bradley.

#### **Donations**

Donations have also be an important resource for the department. Donations have been monetary, materials, and skilled service. Hall engineering donated staff hours using their GPS equipment to make accurate maps of trails and areas of interest at Sharon Bluffs and Lelah Bradley. These maps will be posted in the kiosks at each park. Mercy One donated an indoor aviary that can be used for a small hawk or owl. Delaware North at Honey Creek donated beekeeping equipment including hives, hive tools, and extraction equipment, as well as snow shoes and ice skates. Hill Phoenix powder coated doors for the shower house which greatly improved the look of the building. Local resident, Mike Cissel, donated

hornet nests to exhibit at the Nature Center. Local resident, Mary Ann Bond donated corn for the elk and squirrels. Local resident, Mike Godby, donated a top bar hive which had previously been displayed at Honey Creek Resort, as well as fixed some damage to it. Curious Kids made a monetary donation to the program. Lisa and Wallace Carter, Jr., and Angela Bellinger spearheaded donation collection to pay for new fire rings at each of the ACCB camp sites, and a set of bags boards for each campground. Donations came from both businesses and individuals including Dannco, Flowertique, Laney B's Boutique, The Hall

Tree, Jim Irelan, Carl Sindelar, Rodney Enterprises, Lange Funeral Home, Blue Sun Graphics, Joe's Quick Shop, Jennifer and Mike Lennie, Harshman Dentistry, Kris Shondel, Kris Koestner, Wal-Mart, Russ Ocker Realty, Henry and Brenda Ortman, Wally and Lisa Carter, Whitlow and Padavich Families, Centerville Fire Department, Art Kirchoff, Hy-Vee, Bratz Shell Service, Hometown Realty, Tangleberries, Residents of Centerville, Raw Metalworks, Bogle Realty, Hunter's Management Group, The Bridge Church, Harold and Stacy Lear, and Bellinger Trucking.

#### Grants

In addition to donations, ACCB received several grants to continue to improve our areas. ACCB received a \$40,000 Tourism Grant from PACT to upgrade our sites from 30 amp to 50 amp electric at Lelah Bradley campgrounds. The Appanoose County Community Fund awarded ACCB \$4,500 to upgrade the playground with new fall materials and recovering the platforms. PACT Trails Grant awarded ACCB \$20,000 to improve the trails at Lelah Bradley. This work will include bollards at the trail entrances to replace the road closed signs, gravel for the surface, culverts, and park benches.

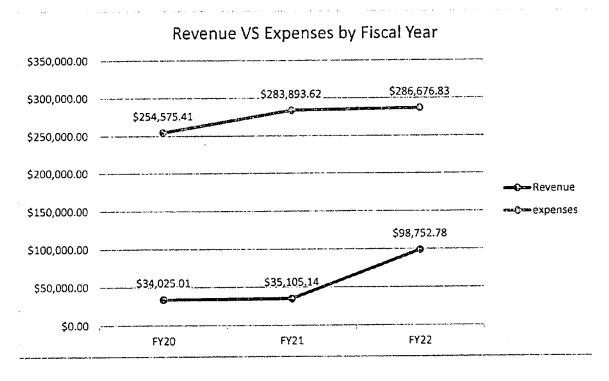

#### **Upcoming Projects**

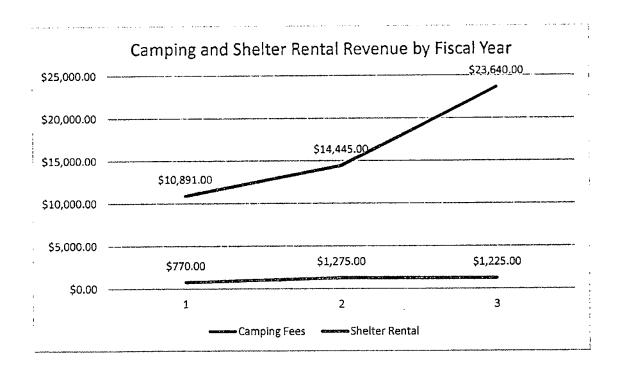

- Trail Improvements/Earthwork at Lelah Bradley
- Lelah Bradley campground upgrades to full hookups
- Upgrade and refurbish the playground at Lelah Bradley
- Repair and replace borders at the playgrounds at Lelah Bradley and Sharon Bluffs
- Repair and improvement of trails at Sharon Bluffs

Kelly,

The final price on the boiler install should be \$66,342.00.

The price for the condensate/boiler feed tank replacement is \$9,958.00 (if done at the same time as the boiler replacement. I would recommend that the board make a decision on this soon, as the tank also has a long lead time.

Thanks,

Kelly,

I have some possible good news, but also another question to ask for the courthouse boiler replacement project. When I spoke with the boiler supplier, they said that the boiler may ship this fall. If the weather stays reasonable until December like last year, there might be a possibility of installation before winter. They also gave me the final/exact price that we will be charged for the boiler. I will get that number to you this week or early next week.

The negative issue that I see is with the condensate/boiler feed tank. I was at the courthouse a week or so ago to verify gas pressure for the new boiler and it looks like the feed tank has deteriorated since I originally looked at it in 2021. I assume the close proximity to the water/steam leak on the boiler has caused increased deterioration on the tank. I would highly recommend replacement of the feed tank during boiler replacement project. Right now lead time on this tank would be 12 weeks. I will get a cost on this replacement to you soon so you can talk it over with maintenance and the board of supervisors.

# Survey Notes:

Lot 1 and Lot 2 in the Southeast Quarter of Section 6, Township 70 North, Range 18 West, of the Fifth Principal Mendian were initially created by Warranty Deed, Recorded in Book 108, Pages 303 and 304 in the Office of the Appanoose County Recorder, without a Plat of Survey. The legal descriptions in said Warranty Deeds create a shortage of distance along the North line of the Southeast Quarter of said Section 6. The shortage of distance has been prorated across the North and South lines of said Lot 1 and Lot 2. The legal description of said Lot 1 creates an encroachment along the West line with the adjacent property of the United States of America for the Rathbun Dam Reservoir Project, Tract No. 335-1, as recorded in Deed Record Lands 102, Pages 393-396 in the Office of the Appanoose County Recorder. The legal description of said Lot 1 also creates a gap between the South line of said Lot 1 and said property of the United States of America.

At the request of the Owner, this Survey has been conducted to place the South and West Boundaries of Lot 1 as described by Warranty Deed recorded in Book 2020. Page 611 in the Office of the Appanoose County Recorder, contiguous to the North and East Boundaries of said property of the United States of America.

The Owner is to furnish an affidavit prepared by its Attorney to indicate the intention of the Warranty Deed was to meet the North and East boundaries of the property of the United States of America,
