To whom it may concern:

Appanoose Weekly / GoPitchTV would like to submit for your consideration that we be selected as an official publication for Appanoose County in 2026.

At the end of December 2021, Appanoose Weekly was approved as a legal publication and as such was approved for running legal notices in our newspaper. Beginning January of 2022, we began to run legals and have established two full years of doing so.

Our readership continues to grow on the print paper as well as the digital paper and we look to continue to service our readers locally. Being the only locally owned newspaper in Appanoose County, we strive to provide the citizens with all of the information we can provide.

We are proud to serve the area and would appreciate your vote of support and confidence in us as your local publication.

As a weekly newspaper, we publish once a week on Wednesdays. Our deadline to submit the paper is on Monday morning. However, we understand the tight timeline for legal notices for publication and as such have adjusted our legal deadline for Monday morning at 9:00 AM in order to be in the following Wednesday's publication. Earlier than that deadline is greatly appreciated but we understand that is not always an option for your finalized notices.

We appreciate you for your consideration.

ISAC has demonstrated support for wellness programming for many years by providing financial resources to counties to be used on wellness programming. ISAC is dedicated to providing members every opportunity to become healthier, and to creating a culture of health and wellness in all counties participating in the ISAC Group Health Program. This is why ISAC is offering counties the opportunity to participate in a more robust wellness program, along with the assistance of a health management consultant and incentive program to help them achieve their goals. ISAC is determined to address rising health care costs through effective wellness programming to encourage healthy behavior changes in the employee population.
